

## Assembly

- I. Cut out all the strips
- II. Cut a piece of paper large enough to place an adjective strip and a noun strip side by side. (you can use this box-cut out and turn over.)
- III. Glue or staple the adjectives on the left side. (three staples?)
- IV. Cut between the Masculine, Feminine and Neuter forms. (or not! It may be easier to manipulate without cutting)
- V. Glue or staple the nouns to the right side. (three staples?)
- VI. Make your own--have students make them for you.
- VII. Play!
